Dear Sir/Madam,

**Sub: International Conference on Computational Intelligence
"ICCI-2016"- 23rd April 2016**

Greetings...

Narayana Engineering college is established in the year 1998 under the chairmanship of Dr. P.Narayana, Municipal & Urban Development Minister, A P, India. This is one of the several prestigious institutions sponsored by Narayana Educational Society across India. Within a short period, the college has witnessed significant growth and stand as one of the premier private unaided engineering colleges in AP today and recently our college has been ranked as 'A' grade by the Govt. of AP.

The International Conference on Computational Intelligence (ICCI-2016) will be held at Narayana Engineering College, Nellore, Andhra Pradesh, India on 23rd April 2016 in collaboration with International Journal of Innovative Research in Computer and Communication Engineering (IJIRCCCE). The International Conference on Computational Intelligence (ICCI-2016) is intended to address various issues to prosper the creation of intelligent solutions in future. The aim of the conference is to bring together worldwide leading researchers, developers, practitioners and educators interested in instigating innovative ideas in computational intelligence by exchanging knowledge that encompasses a broad range of disciplines among various distinct communities. It is expected that researchers will bring new prospects for collaboration across disciplines and gain ideas facilitating a novel breakthrough. The conference will provide an exceptional platform to the researchers to meet and discuss the utmost solutions, scientific results and methods in solving intriguing problems.

On behalf of the organizing committee, we request you to send research papers from PG students, Research Scholars, Researchers and Faculty members. We do hope that conference will be enriching and gives memorable experience for all the participants.
